

The New Book Forum

Science, Medicine, Environment #2

Prof. Erika Milam (Princeton University) *Creatures of Cain: The Hunt for Human Nature in Cold War America*

The New Book Forum: Science, Medicine, Environment is a new collaborative initiative organized by scholars at the ZGW, the Chair of Science Studies at ETH, and the Chair of History of Medicine at UZH, to showcase and discuss new books in the histories of science, medicine, and environment with their authors. In light of the ongoing pandemic, the New Book Forum seeks to provide authors with a platform to present their books outside of the traditional conference circle, and to connect researchers at our institutions in Zurich with the newest scholarship in these fields.

hosts: Dr. Nils Güttler and Niki Rhyner M.A. (ETHZ, Chair of Science Studies) / **registration for Zoom link: newbookforumSME@gmail.com**
